**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We support broadband competition.

We need to have more than a monopoly on broadband where we live. AT&T is dominating and pushing out the competition. Sonic has been able to provide the much-needed alternate but this could be going away.

Broadband is crucial in our lives in running our household in this modern information age where most things are performed on-line.

The fiber connection to the internet provided by Sonic has made our lives so much better than the previous DSL connection.

Keep the much-needed broadband competition for us.
